

Pet Tidings

And Then There Were Five

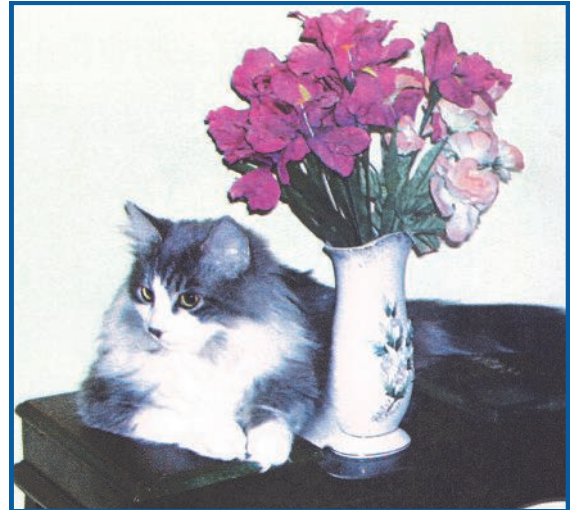

By Judy Schindler

Is it raining in Forks? It is raining cuteness and happiness, and as much fun as a barrel of kittens. Five of the cutest kittens ever are now terrorizing our house and we are thoroughly smitten. Our new family consists of three sibling boys and two sibling girls. Of course, our newest little treasures came from Peninsula Friends of Animals.

Why five you ask? Well, it all started 16 years ago. We had just lost the last of our kitties that came from the Olympic Music Festival farm some 18 years before. Our last precious survivor left us when she was 20 years old. But we knew we couldn't have a happy life without adopting more kitties needing a home. Pam Winney of Forks Friends of Animals put us in touch with Nancy Campbell at Peninsula Friends of Animals.

Nancy had the perfect little grey and white brothers, Chester and Dexter. But when we went to meet them, Miles came to the door to greet Ken, and Miss Lolly immediately nestled in my lap as soon as I sat down. They were all together in the "Dream Room". And how they lived up to their reputation! Chester, AKA Chezzie, was the #1000 kitty adopted from PFOA. He was such a little beauty that he quickly became famous with his picture and story in every Peninsula paper. And his adorable cuteness is forever captured in an art drawing by Sandra Haven that hangs on a wall at PFOA. But time marches on and sadness occurred over a two-year span as Mother Nature took them one by one over the Rainbow Bridge.

We think the best way to honor and be thankful for our wonderful cats is to open our hearts and our home to more needing a new family. So once again, we contacted Peninsula Friends of Animals. *Continued on page 3*

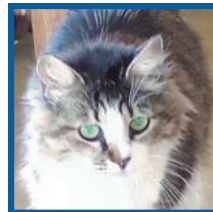

Chezzie is the 1,000th cat adopted through Peninsula Friends of Animals. He now lives at the home of Ken and Judy Schindler of Forks - January 30, 2008

From the Editor's Desk

It's been a little over three years since we have been able to publish *Pet Tidings*. And my first thought is ... how the time flies! Although COVID-19 hit all of us very hard, our most important responsibility was to keep our precious Safe Haven residents safe and healthy.

We made the decision to operate with limited staff. For the safety of all involved, we closed the shelter to everyone but staff directly responsible for animal care. Our volunteers were experiencing "kitty withdrawal" and we had to find a way to provide their "kitty fixes." To fill this need, *From the Home Front*, a weekly column distributed by email, was born. Originally "written" by Merry, one of our very popular permanent residents, the column has grown, both in size and popularity. And when, after 71 issues, Merry crossed the Rainbow Bridge, our own Wills stepped up to the challenge.

It seemed appropriate, after almost two years of faithful, albeit somewhat eccentric reporting, that Wills be given a *Pet Tidings* role. You'll find his contribution on page 4.

You'll notice that this is a very different *Pet Tidings*. There are fewer stories and special articles, and over three years of adoptions, memorials and honorariums. We hope you enjoy this issue and continue to support Peninsula Friends of Animals! Remember, *it's for the kitties!*

- Marilyn Ash, Editor

Mews from the Board

It is with gratitude and affection that we remember Dr. Sharon Jensen. She was a wonderful supporter and member of the PFOA Board of Directors for many years. Her advice and expertise with animal issues were invaluable to our policy-making and health decisions, and her business acumen and practical knowledge only added to the gifts she brought to the table for us and many other service organizations, as well.

Dr. Jensen was a much respected and beloved veterinarian in the community for over 20 years. After practicing at other clinics, Dr. Jensen owned and operated Blue Mountain Animal Clinic until "retiring" almost seven years ago. But as is the case with so many folks dedicated to animal welfare, she never completely stopped seeing patients and was always available to help out with our animals at the shelter. Her years of veterinary experience benefited our shelter residents needing medical care, and her great compassion when helping to send a critically ill cat over the Rainbow Bridge was such a gift to both that kitty and our grieving staff.

On December 8, 2022, Dr. Sharon crossed the Rainbow Bridge to join the many animals she has helped and loved. Although we are left with an extreme sense of loss, we celebrate a life well-lived and the legacy of caring and altruism she left behind. We were truly blessed to have known and worked with this remarkable woman.

The Schindler 5 take over

—Continued from page 1

We went over to meet and greet the wonderful kitties described by Wills in his happy newsletters. We look forward to his column every week.

The Beatle Boys, George, Paul, and John, caught our hearts. Meeting them in person surpassed our hopes! But wait, there is more to the story! A whole little ready-made family was waiting! Our beautiful Golden Girls, May and June, were waiting for us too. Kimmie and Nancy told us this little group had made strong family ties. They all slept, ate and played together. When we went to meet them, there was no question that the five together were our

perfect new family. We knew that boys are like sports cars – somewhat high maintenance, but a lot of fun, so it is good to have the calming influence of the girls.

They came home with us and never complained but instead peered out the windows at the passing scenery. Did they

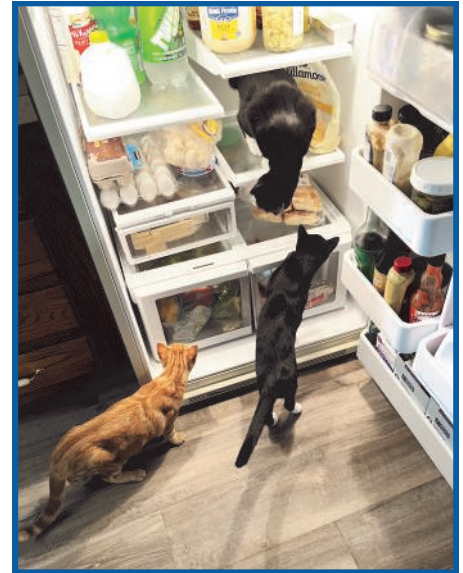

know they were coming back to their birthplace, Forks? They must have!

When we got home, the five immediately made themselves at home, or rather took over the place. No hiding under the bed or behind the washing machine as their predecessors had done. No, these five instantly started rearranging everything on countertops and racing back and forth through the house. Apparently, they didn't admire our home decorating expertise and opined that it could be better.

They also ascertained that we, their new grey-haired parents, needed their assistance. The next morning at breakfast time, they jumped into the

refrigerator to help us find the very best possibilities.

After breakfast, they decided that we needed help doing the dishes. Surely, we can't do it on our own! And then, they reminded us that this is Forks. There are potentially dangerous, well, at least different, wild animals out

here. So, they needed to be watchful guards to protect us. They also immediately recognized that they had other duties. Now that cold weather is coming, they can't let us crawl into a cold bed. June recognized that one of her duties is prewarming the bed for all seven of us.

All Schindler Cats travel in our little 25 foot motorhome. The Music Festival family travelled 55,000 miles. The Dream Team travelled 65,000 miles. And next week our Schindler Five babies start their first trip. They think this is better than teaching them how to mow the lawns. But we had to promise them that there would be a nice warm fireplace waiting at home just like it was for our kitties before them. And so, they agree that it will be worth the travel.

We are so grateful to all the wonderful volunteers at PFOA who loved our little families and made them able to love us. And many thanks to Dr. Pat who started all our Five onto their healthy lives. Dr. Pat's granddaughter AnnMarie is their official kitten socializer, and she did an amazing job. And Nancy, Kimmie, Danette, and the fantastic PFOA staff encouraged us and then made sure our new family would happily enjoy their new home. Thank you all!!

Safe Haven ADOPTABLES!

Not Quite Sisters

Hi y'all - Wills here. I hafta tell you this is real exciting for me. I get to have my very own column in a "real" publication. For those of you who haven't met me, I'm the Safe Haven Senior Office Cat, and I have my very own weekly column distributed by email. It's called *From the Home Front*. Y'see, when COVID struck and Staff had to close the shelter, our volunteers had to stay away, and couldn't get their "kitty fixes" and we needed a way to let them know what grrreat stuff was goin' on. That's how (and why) the column was born.

Merry wrote the column for well over a year, and she did a super job, but then she got real sick, and wrote her last column, "My Time," just hours before she crossed the Rainbow Bridge. I know she's in a grrreat place, just beyond the rainbow, and all of us here at Safe Haven will meet up with her again, when it's our time. I was real honored that she selected moi to carry on. She left large paws to fill.

So I've been reporting the "mews news" for almost two years now. My thing is to let y'all know who's gone to their furrever homes (adopteds) and who's still waitin' to do that (adoptables). And now that *Pet Tidings* has started up again, I 'pose that's why they asked me to write the Adoptables column.

First thing I hafta say is that it's real hard to pick just one or two of my Safe Haven friends, 'cause they're all super kits. But I only have a little space, so let's do it!

Peatree

I'd like y'all to meet Peatree and Dill Pickle. They're adult kitties who lost their home 'cause their person, who loved them very much, went through a sudden job change and had to move, and couldn't keep them. It was a huge shock to these girls, 'cause though they're not sisters, they're very bonded and need to find a new, purrfect home together. And 'cause they haven't been

outside at all, they're purrfectly happy enjoying the view and keeping an eye out for any passing critters from the safety of their home.

Peatree loves toys and feather wands, and she's grrreat at chasing them. She also likes to be gently petted and have her head scratched. Dill Pickle is a little more shy than Peatree, so it took her longer to adjust to life at Safe Haven, but she's comin' right along! So these two are ready for that purrfect new home, and the lucky family they choose is gonna be real happy!

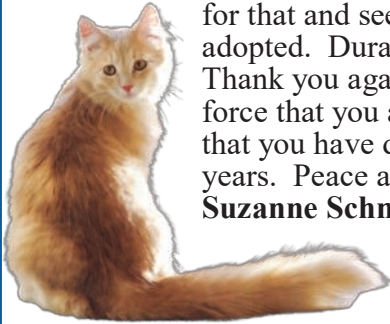

Dill Pickle

So what are y'all waitin' for? Give us a call, make an appointment, come on down and meet these two.

Check our website at <https://safehavenpfoa.org/adoptablecats/> for additional information, including stories and photos of all our adoptable cats and kittens. Please call Peninsula Friends of Animals at (360) 452-0414 and press "2" to inquire about any of our adoptables. If you get a voice mail, please leave a message; a staff member will return your call.

“Dear Peninsula Friends of Animals ...”

[Just before] New Years' Day 2020 you took in a kitten that had been abandoned by an 18 year old at my residence. You were focusing on adult adoptions at that time but you agreed to put him with 3 other kittens. I thank you dearly

for that and see that he was adopted. Durango was that kitty. Thank you again for being the force that you are and the work that you have done through the years. Peace and love,
Suzanne Schmidt & family

Durango, at 5 months

We adopted Ollie from you in May of 2021. She settled in nicely and rules the roost. We all adore her. She was very polite at first but then was getting sassy so we know she must feel at home and safe. She sleeps on the bed with us at night and head butts my chin when she is ready to eat. Thank you for all you do! **Victoria Machgan**

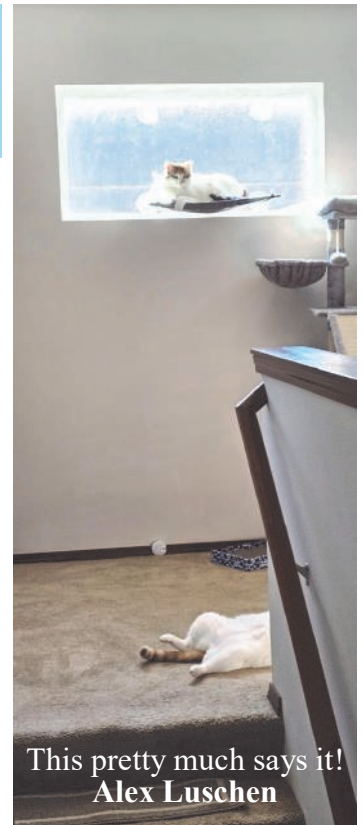

Here are Sprinkles and Linzer, aka Bella and Notte. They are doing well: wonderful, loving girls. The brothers adopted from PFOA eight years ago are not so sure about the “hooligans” that have invaded their home, [but are] becoming a bit more tolerant with time. **Janet Atkinson**

China has been the best addition to our family! We are loving her so much (and she loves all the extra attention from us!) We're so happy to have given her a “forever” home! Thank you for all that you do! China is truly the Cadillac of cats to us. **Nicole, Ryan and China**

I hope all is going well. Thank you again for your great help and love for cats. Sincerely, **Donna Flint**

My membership has expired but my love for your care of animals has not. Please accept my donation in behalf of myself, Rod, and our much-loved kitty, Randy. I hope he is doing well and still a member of a “forever” home. With fond memories, **Jannine Norvell**

This pretty much says it!
Alex Luschen

Dear Merry, I'm sure you are now enjoying what it was like being a young kitten. Thank you for spending some time with us on earth and sharing Safe Haven's stories through your newsletters which I looked forward to so much. I felt so honored to have met you. Purrs and Peace, **Kathleen Twitchell**

Dear Friends at PFOA, Enclosed is a donation from Kattcher and me, in honor of my dear friend and loving kitty foster mom, Heather Hansen. Heather, as you know, took in the beautiful, pregnant Miss Kitty, and has been a marvelous mother to this sweet one and her two babies, born under Heather's bed!

Kattcher sends a special meow and a hi-7 to all of you wonderful people at PFOA! We both feel very fortunate to live in a community that has a no-kill shelter and lots of animal lovers and advocates. We can never thank you enough for all you did for Kattcher and all her friends! How lost and lonely I would have been during the lock-down without my little friend and sleeping partner! She is the perfect companion for me, affectionate, smart, good with people (especially quilters), loves to play “box” and “brown paper,” talks and purrs, loves her naps all over the house, is healthy and very clean, lively and calm by turns, inquisitive – well, I could go on and on! She is perfect! Love and thanks, **Lauretta and Kattcher**

Memorials and Honorariums

Memorials given in honor of a deceased pet, in memory of a friend or family member, or Honorariums to thank special friends are a lovely way to say "Thank you" or "I love you" or "I miss you." A public statement of remembrance can help bring closure or soften grief, as well as honor a loved one.

This is a "catch up" edition of the Pet Tidings memorials and honorariums. Due to the events and workload resulting from the COVID-19 pandemic, we have been unable to publish Pet Tidings for the last three years. We thank all of you who have patiently waited to see their special messages in print, and sincerely apologize for any inconvenience this may have caused.

The Memorial Wall at Safe Haven
 Memorial tiles honoring a beloved pet are available for purchase. They form the frame of the Rainbow Bridge mural. It's a wonderful place to visit and honor the animals who wait for us.
